Chamois hunting in Austria 2024  
Territory: Reiseck Group

**Location and description of the hunting ground:**

The hunting ground is located in the Austrian province of Carinthia in the Reiseck Group. The distance from Klagenfurt is about 1.5 hours by car. The hunting ground has an area of approx. 2,000 ha and lies at an altitude of 1,200 to 2,500 metres in the middle of the Reiseck group in the Mölltal valley. The vegetation consists mainly of spruce, larch and fir trees.

Above the tree line, steep mountain pastures with mountain pine fields and limestone rock form the typical high alpine mountains. The main game species there is chamois. Strong chamois reach trophy sizes of over 105 CIC points here. In addition to chamois, there are also red deer, roe deer and wild boar as well as marmots, capercaillie and black grouse
